Accor: already 500 hotels in Asia-Pacific!

Accor reaffirms its position as largest international hotel operator in Asia-Pacific with the opening of the Pullman Gurgaon Central Park, the Group's 500th hotel in the region. The announcement also marks the debut of the upscale Pullman brand in India.

Speaking on this milestone, **Denis Hennequin**, Accor Chairman and Chief Executive Officer, says, *"I am very pleased with this dual milestone for Accor in Asia Pacific, which reaffirms our position as the leading operator of hotels in this key growth market and anchors our growth ambitions for the region. It is very appropriate that we are celebrating our 500th hotel in Asia Pacific in India, which is a market that provides a significant growth opportunity for Accor building on the foundations that have been established in the country to date."*

With almost 95,000 rooms in 16 countries, Accor is the market leader in Australia, Thailand, Indonesia, and Vietnam. The Group has embarked on an ambitious program of expansion in Asia Pacific, and aims to operate over 700 hotels by 2015, with a focus on emerging markets and mature markets where the group is already a leader. In India alone, Accor expects to operate 23 hotels by year's end, with a goal of 90 hotels by 2015.

"The Asia-Pacific region today is one of Accor's strongest areas of focus, as is evidenced by our rapid pace of expansion in recent years," says **Michael Issenberg**, Chief Operating Officer Accor Asia Pacific. *"Since we commenced operations in the region in 1982, Accor's network has grown from one hotel in Singapore to 500 hotels in 16 countries today. Two years ago we celebrated our 400th hotel in the region and the rate of expansion since has accelerated significantly as we are on track to open 100 hotels within 2012 in Asia-Pacific alone."*

Accor's Asia-Pacific network has grown through a strategic mixture of management contracts and selective investment, as well as by establishing strong partnerships with hotel owners and investors.

"Accor's growth strategy in the region has allowed us to focus on what we do best – delivering consistent, high quality hotel products that proactively address market needs," added **Mr. Issenberg**. *"We believe that our strategic approach to development coupled with our extensive product offering will enable us to continue to maintain our market leadership going forward."*

With the addition of the Pullman brand to its India network, Accor now has the most extensive brand portfolio of hotels operating in the country, providing the Group with a strategic advantage in this dynamic market. Pullman Gurgaon Central Park represents Accor's 17th hotel in India, complementing its existing five brands (Sofitel, Novotel, Mercure, ibis and Formule 1) in the country, which range from luxury to budget.

Pullman continues to expand its network in prime business and tourism destinations

The Pullman Gurgaon Central Park, which opened on April 2012, is destined to become New Delhi's major financial and industrial region's "must stay" destination.

The hotel, which is designed to welcome seasoned travelers, has 285 rooms, including 22 suites as well as Pullman's best signature services: Welcomers, the Pullman bed, the docking station, the Vinoteca by Pullman wine selection, free Wi-Fi, Connectivity Lounge, Nespresso® services and the Co-Meeting offer. Its outdoor pool, spa, fitness room and yoga lessons allow guests to combine business with relaxation.

With this first address in India, Accor's upscale international brand continues to expand its network in key business and tourism destinations, reflecting Pullman's cosmopolitan, vibrant and modern personality.

"We are delighted to announce the opening of the Pullman Gurgaon Central Park. Gurgaon is one of India's most dynamic economic and technological hubs and a location coveted by the world's largest companies. This new Pullman destination, which joins the network's 64 other hotels, is perfectly in tune with our brand. The Asia Pacific region is a major focus of our expansion: half of the Pullman hotels and resorts network will be located in this zone by the end of this year. Indeed many others openings will follow this New Delhi inauguration," explains **Xavier Louyot** – Pullman Global Marketing Director.
