## Suitehotel inaugurates a new hotel in the center of Reims

On January 26, the 24th Suitehotel will open in Clairmarais, the new business district in Reims, the capital of France's Champagne region. Located in the heart of town, just a five-minute walk from the train station, the Suitehotel Reims Centre is ideally situated for exploring the city's cathedral, champagne cellars and museums.

The all-new hotel features **80 thirty-square-meter suites** on four floors, three of which are handicap-accessible. Equipped with a sliding Japanese partition, each suite can be adapted to individual needs or desires, enabling customers to create separate areas for sleep, work and relaxation.
